

Announcement of Faculty Position (Application Deadline Extended)
Graduate School of Biomedical & Health Sciences, Hiroshima University, Japan

Date: October 25, 2018

Hiroshima University is working on forming and developing a Center of Excellence with the aim of being a world-class comprehensive research university ranked among the world's top 100 universities creating new forms of knowledge. We have also been selected by MEXT for "the Top Global University Project" and "the Program for Promoting the Enhancement of Research Universities".

The Graduate School of Biomedical & Health Sciences, Hiroshima University seeks applications for 1 professor position.

We would like to publicly announce that Hiroshima University is now inviting the motivated and talented individuals for the position of Professor at the department of Public Health in the Graduate School.

The main role of Public Health department is to promote the research and education especially mainly concerning the public health and its policy such as "health policy science" and "environmental health".

In addition, the Graduate School of Medicine shares a wide range of research and education in the hygiene and public health field in two departments, that is, department of Public Health and department of Epidemiology·Disease Control and Prevention (former: department of Hygiene). The department of Epidemiology·Disease Control and Prevention engages with promoting the research related to mainly Epidemiology, Preventive Medicine and Disease Control based on Molecular Epidemiology and Biostatistics.
