

International Symposium on Quality Management and Improvement

13:00-13:15

Our activities and the role of food engineering

Hiroshima University
Assoc. Prof., Kiyoshi Kawai

13:15-13:30

**Wholesale aroma compound profile of mature coconut water from
full maturity to maturity through treatment**

Khon Kaen University
Assoc. Prof., Wannoo Jit

13:50-14:25

**Effect of protein and amino acid composition on the growth of
larvae of the silkworm, Bombyx mori**

Chonnam National University
Assoc. Prof., Dr. Eunhye

14:40-15:15

**Effects of food additives on the microstructure,
cooking properties of rice noodle**

Chiang Mai University
Asst. Prof., Savitree-Ratanasumritwong

15:15-15:45

Oil-fried foods based on glass transition

15:15-15:45

Texture control of deer

Veterinary and Animal Sciences University

Chittagong Veterinary and Animal Sciences University

Asst. Prof., Jakia Sultana Jothi

Assoc. Prof., Jharasuta

15:45-16:10

Practical application of a Penwin artificial neural network for

15:45-16:10

Hiroshima University

Dr. Alex Palmer, Dr. Alex Eduardo, Adriano Granado
