

The 5th Peace Lecture Marathon

H.E. Mr. Sadayuki Tsuchiya, Ambassador of Japan to Peru

The War and Peace Experience of Japanese and Peruvians

in Peru

We organized a series of lectures entitled "Peace Lecture Marathon" where government representatives and ambassadors in Tokyo are invited to give a lecture on peace. With these lectures as momentum, we hope that new generations, who are currently enjoying prosperity in the City of Hiroshima, which has been reborn from the atomic destruction of World War II as a world-class city with natural scenery, learn a lot about the importance of peace and our history of hardship.
