

Date: July 20, 2020

Hiroshima University is working on forming and developing a Center of Excellence with the aim of being a world-class comprehensive research university ranked among the world's top 100 universities creating new forms of knowledge. We have also been selected by MEXT for "the Top Global University Project" and "the Program for Promoting the Enhancement of Research Universities".

The Graduate School of Biomedical and Health Sciences, Hiroshima University seeks applications for a faculty member (Professor or Associate Professor) in the research area of Neurosurgery.

Academy of Hiroshima University (Graduate School of Biomedical and Health Sciences)

Professor, or Associate Professor, one (1)

*Depending on the result of the performance reviews of the applicant at the time of employment, he/she may be decided on any of the following titles: Professor with tenure or Associate Professor on Tenure Track System)

The earliest possible date after January 1, 2021

Tenure-track position(s) Period of employment: 7 years

Tenure-track faculty members will undergo a tenure review within six (6) months prior to completion of the term of appointment, and those who have successfully passed the review process will be granted tenure along with promotion either to professor or associate professor.

Granting a candidate for tenure is subject to two reviewing process: an intermediate and final review. If a candidate is not granted tenure in final review, he/she will be dismissed from the university upon completion of the term of appointment.

If a candidate has taken a leave because of some life events such as delivering a baby, child-raising and caregiving, he/she may extend the term of appointment up to certain period according to the length of such leave.

*If you would like to know more about the standards for tenure review, please contact the office shown below for any enquiries.
