For entrants in FY 2021

Appended Form 1

Specifications for Major Program

Name of School (Program) [School of Letters, Humanities]

Program name (Japanese)	日本・中国文学語学プログラム
(English)	Japanese and Chinese Languages and Literatures

1. Degree: Bachelor of Arts

2. Outline

The Program of Japanese and Chinese Languages and Literatures educates students to be able to compare the characteristics of language and literature of both Japan and China so they can explore the various facets of interrelation between the two in order to gain a new understanding and grasp both as a whole and form a wider perspective.

- For the field of Japanese Language and Literature, the Program provides students with the opportunity to study and research subjects regarding classic literature from ancient to early modern times, modern and contemporary literature, and Japanese linguistics.
- For the field of Chinese Language and Literature, students have the opportunity to study subjects such as literary works from ancient to the present times, history of characters, particularity of expressions, and phonology.

3. Diploma policies (degree conferment policy & Program attainment goals)

abilities and expertise mainly in the field of humanities, who accurately look in modern society based on their acute . To implement this principle, the School of Letters educational goals are ies; to deepen basic research in the areas of expertise; to always pay attention to new research fields and interdisciplinary fields; to actively promote wide-ranging research; to activate research always with a keen awareness of problems for modern society; to enhance foreign language proficiency; to acquire an information processing ability in line with the necessity of the areas of expertise; to cultivate modesty and flexibility in order to engage in constant self-improvement; and to foster an attitude to learn about human history an

In this Program, based on these educational principles and goals, we set the following attainment goals:

(1) To acquire a wide range of basic academic skills and expertise regarding Japanese and Chinese language and literature;
(2) To understand the results and methodologies of established research in each specialized field (Japanese language and literature & Chinese language and literature); and
(3) To advance the fundamental research in each specialized field and acquire the necessary ability to actively pioneer research in new areas and interdisciplinary fields with a keen sensitivity towards the issues of contemporary society.

To be awarded a degree after completing the curriculum in this Program, which is designed to attain these goals, students are required to meet the following conditions:

(1) Students shall be enrolled in this Program for a prescribed period, and shall acquire the prescribed number of credits by completing class subjects set by this Program, and

according to the evaluation items for academic achievements.

numerically converted evaluations of their academic achievements (S = 4, A = 3, B = 2, and C= 1) in each subject being evaluated.

Evaluation of academic [redacted]	Converted value
S (Excellent: 90 points or higher)	4
A (Superior: 80 89 points)	3
B (Good: 70 79 points)	2
C (Fair: 60 69 points)	1

Academic achievement	Evaluation criteria
Excellent	3.00 4.00
Very Good	2.00 2.99
Good	1.00 1.99

For the details of the evaluation method of academic achievements in this Program:

* See the relationships between the evaluation items and evaluation criteria on Attached Sheet 2.
* See the relationships between the evaluation items and class subjects on Attached Sheet 3.
* See the Curriculum Map on Attached Sheet 4.

9. Graduation thesis (graduation research) (placement and time of assignment & method)

With the graduation thesis positioned as the goal of this Program, students will be required to acquire four credits for Guidance on Graduation Theses, and eight credits for their graduation thesis. Your graduation thesis is a compilation of your academic achievements in this Program. The purpose of preparing a graduation thesis is to confirm the level of your academic achievements in this Program and to allow for further studies after graduation.

In the first semester of the fourth year, based on the research theme each student selects in advance, students will select the faculty member who will provide guidance on their graduation thesis, and submit the title of their graduation thesis at the end of October, and the graduation thesis itself at the end of January.

10. Responsibility system

The Faculty Council of the Program of Japanese and Chinese Languages and Literatures shall be responsible for planning, implementing, reviewing the evaluation of and carrying out any measures required for this Program. The university-wide Educational Quality Assurance Committee unive209.8( )-(5l)6(w8 517.54 0.48 ref*559.d(.)-1604 430e)

Attached table (related to Paragraph 3, Article 4 of the Detailed Regulation)

Curricula of School of Letters

No. of credits required for graduation: 124 (liberal arts education subjects: 40 credits, specialized education subjects: 84 credits)

Liberal arts education subjects

Type	Subject type					Required credits	Class subjects	Credits	Type of course registration	Year in which the subject is taken (Note 1)			
										1st			
										1st semester		2nd semester	
										1T	2T	3T	4T
Liberal Arts Education Subjects	Peace Science Courses					2		2	Elective required				
	Basic Courses in University Education			Introduction to University Education		2	Introduction to University Education	2	Required				
				Introductory Seminar for First-Year Students		2	Introductory Seminar for First-Year Students	2	Required				
	Common subjects	Area Courses				20	(Note 2) (Note 7)	2	Elective required				
		Foreign Languages (Note 4)	English	Communication I		4	Communication IA	1	Elective required				
							Communication I	1					
				Communication II			Communication IIA	1					
							Communication II	1					
							2 subjects or more from the 4 subjects above						
			Non-English Foreign Languages	(Select one language from German, French, Spanish, Russian, Chinese, South Korean, or Arabic)		4	Basic Studies I	1	Required				
							Basic Studies II	1					
							Basic Studies III	1					
							Basic Studies IV	1					
			English or Non-English Foreign Languages (Note 5)			2	Basic English UsageI	1	Elective required

	(3)	Acquisition of the ability of demonstrating originality based on results of previous studies	To adequately acquire traditional research methods on Japanese and Chinese Literatures and Languages and be able to write a thesis full of originality	To acquire traditional research methods on Japanese and Chinese Literatures and Languages and be able to write a thesis full of originality	To acquire traditional research methods on Japanese and Chinese Literatures and Languages and be able to utilize them in a thesis
	(4)	Acquisition of the ability of thinking about characteristics of Japanese or Chinese culture and the relationship between them	To acquire the comprehensive knowledge and ability to creatively consider characteristics of culture or mutual relation between Japan and China through four-year studying	To acquire the comprehensive knowledge and ability to chiefly consider characteristics of culture or mutual relation between Japan and China through four-year studying	To acquire the comprehensive knowledge and ability to consider characteristics of culture or mutual relation between Japan and China through four-year studying
	(5)	Acquisition of the ability of setting the theme by oneself and soving the problem	To have the ability to set a target and solve problems through four-year studying and to be able to write excellent gradutaion thesis	To have the ability to set a target and solve problems through four-year studying and to be able to write gradutaion thesis that meets a certain level	To have the ability to set a target and solve problems through four-year studying

Placement of Liberal Arts Education in the Major Program

The liberal arts education in this program aims not only to develop students' basic academic skills for the study of specialized subjects, but also to learn methods, results, and challenges of studying various subject areas in order to establish a unique point of view that can be used for the furthering of said specialized studies. Students who want to study Chinese linguistics or literatures are required to learn Chinese language skills.
