## Sense of crisis within Japan's university administration

[illegible]

## Paying for education

Figure 1 consists of four sub-charts, (a) through (d), each showing the percentage of respondents for different combinations of 'How often' and 'How much' for a specific activity. The legend indicates: Never (white), Sometimes (light gray), Often (medium gray), and A lot (dark gray).

Activity	How often	How much	Percentage (%)
(a) Watching TV	Often	Not at all	10
		A little	20
		A lot	30
		Often	40
(b) Reading	Often	Not at all	10
		A little	20
		A lot	30
		Often	40
(c) Listening to music	Often	Not at all	10
		A little	20
		A lot	30
		Often	40
(d) Playing computer games	Often	Not at all	10
		A little	20
		A lot	30
		Often	40

The \$1.5 billion investment in the new building is a testament to the university's commitment to excellence in research and education. The new building will house the university's most advanced research facilities and will provide a world-class environment for students and faculty alike.

The university's commitment to excellence in research and education is reflected in its many achievements. The university has been ranked among the top universities in the world for many years, and its research has led to many important discoveries.

### The search for new career paths for university graduates

The search for new career paths for university graduates is a topic of increasing importance. As the economy continues to evolve, many graduates are finding it difficult to find jobs that match their skills and interests. The university is committed to helping graduates find their way in the world, and is offering a variety of programs and services to support them.

### The next 10 years and beyond

The next 10 years and beyond are a time of great opportunity and challenge. The university is committed to preparing students for the future, and is offering a variety of programs and services to support them. The university's commitment to excellence in research and education is reflected in its many achievements. The university has been ranked among the top universities in the world for many years, and its research has led to many important discoveries.
