Global Environmental Leaders Special Education Program

BACKGROUND

In recent years, broader knowledge and analytical skills to cope with global environmental issues such as climate change, biodiversity losses, desertification, pollution in developing countries, and so on that threaten the existence of humans have become necessary fundamental expertise for any areas related to global sustainability and international cooperation. In order to offer an additional educational opportunity for having such expertise, The Graduate School of Humanities and Social Sciences(International Peace and Co-existence Program, International Economic Development Program, International Education Development Program) ,the Graduate School of Advanced Science and Engineering(Transdisciplinary Science and Engineering Program) and Graduate School of Innovation and Practice for Smart Society of Hiroshima University (hereinafter HU) have been implementing the Global Environmental Leaders Special Education Program (GELs Program).

OBJECTIVES

The GELs Program is to nurture global environmental leaders who are capable of identifying problems and formulating strategic solutions at the national and local level through interdisciplinary and international perspectives.

ADVANTAGES

- ✓ GELs students can obtain necessary knowledge and skills to create a sustainable society based on students' individual specializations as well as interdisciplinary knowledge from experts in various fields.
- ✓ GELs students can acquire communication skills by studying with peers with diverse backgrounds and areas of experience.
- ✓ GELs program offers various educational opportunities. (ex. special seminar, internship, and fieldwork)
- ✓ Certificate of completion is conferred upon satisfying the requirements of the program.

HOW TO REGISTER THE PROGRAM

Any HU students, regardless of nationality, are welcome to register. Students who wish to participate in GELs program are required to submit the registration form by the designated deadline in April and October.
