### Items to verify concerning the writing of the dissertation

	The author took the required educational program on research ethics, and sufficiently understood the principles and expectations for ethical research.
	The author did not commit any misconduct in the research such as fabrication, falsification, or plagiarism.
	<p>The author did not infringe upon copyright. (Works were cited in an appropriate manner as described in A – D below, or copyright clearance was obtained to use the work in writing the thesis.)</p> <p>A Quotation is from a work already made public.</p> <p>B Quotation is used in a manner compatible with fair practice. * Quotation is used only when deemed necessary. * Quotation is clearly indicated by devices such as quotation marks.</p> <p>C Quoting from a work is permissible to the extent justified by the purpose of the quotation. * The subordinate-superior relationship between quoted parts and other passages in the text is clear. * Quotation is not used more than is absolutely necessary.</p> <p>D Sources are clearly indicated.</p>
	There are no human research subjects who require privacy protection, or the privacy of the research subject is protected (the subject agreed to participate in the study, and also agreed on the manner of publication).

For official use only

(Please fill in the following pages with the necessary information.)

<b>Items to verify concerning the application of dissertation</b>	
<input type="checkbox"/>	In cases of there being a coauthor, the coauthor has submitted the certificate of consent "I agree to declare this thesis as your academic dissertation" to avoid submission of an academic dissertation with the same contents by the coauthor. Alternatively, the dissertation is written by a single author.
<input type="checkbox"/>	The electronic data of the entire dissertation and the abstract of the dissertation content will be submitted. In cases of unavoidable circumstances as described in the Hiroshima University Degree Regulations, article 14.2, the electronic data of the summary of the dissertation content will also be submitted. The data file format of the doctoral dissertation is PDF PDF/A(ISO 19005 recommended).
<b>Items to verify concerning publication in the Hiroshima University Institutional Repository</b>	
Note	
<ol style="list-style-type: none"> <li>Hiroshima University conducts internet publication of the entire dissertation or its abstract in the Hiroshima University Institutional Repository (hereinafter referred to as "Repository"). Note that by submitting this form "Doctoral Dissertation Submission and Publication Confirmation (Application Form)", you agree to matters concerning reproduction right and right of public transmission, both of which are part of copyright.</li> <li>By publishing the data in the Repository, we manifest that data replication (print or download etc.) is strictly limited to purposes of investigative research, education, and study.</li> <li>Note that the abstract of the dissertation content and the summary of the results of the dissertation screening will be published in the Repository within 3 months after the day the degree is awarded and the entire dissertation or the summary of the dissertation content within 1 year after the day the degree is awarded. Please note that we will post the information about publication on the home page of the Repository.</li> </ol>	
<input type="checkbox"/>	When publishing the entire dissertation, the degree applicant has personally confirmed any applicable rights/copyrights.
<input type="checkbox"/>	The applicant has no unavoidable circumstance as described in the Degree Regulation of the Hiroshima University, Article 14.2. as described below A – H . Please check any box that applies below. If none of the following options apply, check the box on this option.
<b>Unavoidable circumstances as described in the Hiroshima University Degree Regulations, Article 14.2 (only choose appropriate entries)</b>	
<input type="checkbox"/>	Publication in the internet is virtually impossible because the thesis contains stereoscopic figures etc.
<input type="checkbox"/>	Text, charts or pictures etc. in the dissertation are not regarded as quotation according to the Copyright Law Article 32 and they are used with permission according to Article 63 of the same law, and publication in the Repository is beyond the sphere of permitted use and conditions. Additionally, publication in the Repository hasn't been permitted.
<input type="checkbox"/>	There is a coauthor and permission fromW* nBT9 Tm0 g08/Lang (en-US)BDC qTf 0 0 3 0.48 01
