Basics in SD
Hiroshima University

Sustainable Business
Management
University of Graz

Integration Module
University of Graz

Master Thesis
Hiroshima University

The programme covers theories and functions of public policy and their practical applications to development issues at both local and global perspectives. With completion of the programme, the students will obtain knowledge on public policy, management, and governance for poverty alleviation and economic development including SME (small and midsize enterprises) development and industrialization, human resource management and education, health and welfare, agricultural and rural development, environmental and climate policy, and urban and transportation policy.

The programme also emphasizes hands on and practical research experiences.
