

平成 23 年度

第2回スポーツ科学セミナー

広島大学スポーツ科学センター主催

21 世紀のイギリスにおける体育・スポーツ カリキュラム戦略の変化

(Beyond the Curriculum: Changing British Strategies Towards PE & Sport for Young People 5-19 in the Twenty-First Century: World Class Aims, Second Class Outcomes?)

日時: 20 22年2月27日(月) 0 30 ~ 2 00

場所: 総合科学部 306講義室

演者: 氏

使用言語: 英語 参加費: 無料

講演の概要

In part it covers school PE (now two hours a week in schools) and also the move towards three hours of after school activities. I would cover the initiatives and involvement of the various bodies involved, including Government initiatives, Sport England and the Youth Sport Trust, specialist sports colleges, school sport partnerships, national governing bodies, county sports partnerships and other community providers. I'd also touch on themes such as sports club links, coaching, competition, continuing professional development, disability, extending activities, gifted and talented,, infrastructure, leadership and volunteering, and swimming.
