

Announcement of Faculty Position
Graduate School of Biomedical & Health Sciences, Hiroshima University, Japan

July 24, 2017

Hiroshima University has been selected as one of the 13 Type A (top type) universities under the fiscal 2014 program to support the creation of super global universities. Hiroshima University aims to become one of the global top 100 universities by continuously fostering global leaders and creating knowledge while promoting university reforms centering on the twin pillars of educational and research capabilities.

Graduate School of Biomedical & Health Sciences, Hiroshima University invites applications for one professor position.

In education, we seek a person as Professor who can instruct graduate and undergraduate students in Maxillofacial Functional Development, Community Dental Health Sciences and related subjects, while having sufficient knowledge to train students as advanced dental professionals and researchers in School of Dentistry (Program of Oral Health Sciences and Program of Dentistry) and Graduate School of Biomedical & Health Sciences. In addition, it is expected that you will be involved in education on community dentistry subjects (Oral Health, Dental Statistics, Administration of Public Health, etc.) in cooperation with Department of Public Oral Health, Program of Oral Health Sciences. Currently, our school adopts dual linguistic education aiming at improving students' global competency. Therefore, you are required to provide education in both Japanese and English in joint classes of Program of Oral Health Sciences and Program of Dentistry at School of Dentistry.

In research, we seek a person as Professor who can direct studies on community dental health and oral health. It is expected that this person shall be able to conduct research projects in cooperation with other research groups within and outside Hiroshima University.

In a clinical aspect, we seek a person as Professor who can carry out clinical services and instruct undergraduate students in the Hiroshima University Hospital (Department of Oral Health etc.).

We seek a person in the abovementioned fields who has enthusiasm for educational and clinical activities and can achieve excellent research results. The person shall understand the principles and visions of our school, hospital and university and have belief in and passion for our faculty and university administration.

We would appreciate it if you could send this announcement to relevant audiences. Also, we would be grateful if you could recommend someone who meets our requirements or encourage competent candidates to apply for this position.
