Feel Quite Close to HU!
Hiroshima University Official Goods
in Commodity Series are Now on Sale

Six new products of Hiroshima University Official Goods in Commodity Series will be launched on 3rd July and on sale at the Hiroshima University CO-OP.

These new products have been lined up with a concept of casual use for many different daily occasions. The decorative patterns (on the textile) are original dots laid out in the shape of a letter “H” in “Hiroshima,” and one of the interesting features is that the crest of HU has been blended into and arranged with the common design theme of polka dots.

As a tool to feel quite close to the university, these goods can be bought as commemorative goods or souvenirs for your visit to Hiroshima University. Part of the sales will go to the students’ support at Hiroshima University.
