

The 22nd Hiroshima International Symposium on Synchrotron Radiation

Progress in Materials and Biomolecular Sciences with VUV-SX Synchrotron Radiation

March 8th (Thursday)

■ Opening

Chairperson: H. Namatame

Vice President, Hiroshima University, Japan

Director of Hiroshima Synchrotron Radiation Center, Hiroshima University, Japan

■ Symposium Photo

■ Oral Session 1 (Spin-Resolved Photoemission Spectroscopy)

Chairperson: K. Miyamoto

Chinese Academy of Sciences, China

Hiroshima University, Japan

■ Flash Poster Session

Chairperson: T. Okuda

■ Lunch

■ Poster Session (Activities at HiSOR)

Chairperson: H. Sato

■ Oral Session 2 (VUV-CD Spectroscopy of Biomaterials)

Chairperson: Y. Izumi

Synchrotron SOLEIL, France

Hiroshima University, Japan

■ Coffee Break

■ Oral Session 3 (Soft X-Ray MCD of Surface Nano Structures)

Chairperson: B. Feng

Ioffe Physical-Technical Institute, Russia

Hiroshima University, Japan

■ Welcome Reception Saijo Hakuwa Hotel

March 9th (Friday)

■ Oral Session 4 (Light Sources)

Chairperson: S. Matsuba

Center for Storage Ring Facilities, Aarhus University, Denmark

Hiroshima University, Japan

■ Coffee Break

■ Oral Session 5 (High-Resolution Photoemission Spectroscopy)

Chairperson: K. Shimada

University of Cologne, Germany

University of Cologne, Germany

Hiroshima University, Japan

■ Closing
