You say you don't like most school subjects, but that doesn't mean you don't need to study them. You need to study to cultivate your mind and train your brain. School education helps you become a capable person. Decide which subjects you are good at, not just what you like, and concentrate on them. Learning will guide you to be successful in your future career.

The purpose of this advice is _____

The 2nd grader of junior high school student is supposed to be the reader.
